REMOVAL OF INJUNCTION OF SECRECY—TREATY DOCUMENT NO. 110-2

Mr. REID. Mr. President, as in executive session, I ask unanimous consent that the injunction of secrecy be removed from the following treaty transmitted to the Senate on May 3, 2007, by the President of the United States:

Singapore Treaty on the Law of Trademarks, Treaty Document No. 110-2.

I further ask that the treaty be considered as having been read the first time; that it be referred, with accompanying papers, to the Committee on Foreign Relations and ordered to be printed; and that the President's message be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The message of the President is as follows:

To the Senate of the United States:

I transmit herewith for the Senate's advice and consent to ratification the

Singapore Treaty on the Law of Trademarks (the "Treaty" or "Singapore Treaty") adopted and signed by the United States at Singapore on March 28, 2006. I also transmit for the information of the Senate a report of the Department of State with respect to the Treaty.

If ratified by the United States, the Treaty would offer significant benefits to U.S. trademark owners and national trademark offices, including the United States Patent and Trademark Office. The beneficial features of the Trademark Law Treaty of 1994 (the "1994 TLT"), to which the United States is a party, are included in the Singapore Treaty, as well as the improvements to the 1994 TLT that the United States Government sought to achieve through the revision effort. Key improvements allow for national trademark offices to take advantage of electronic communication systems as an efficient and cost-saving alternative to paper communications, at such time as the office is ready to embrace the technology. The Treaty also includes trademark license recordation provisions that reduce the formalities that trademark owners face when doing business in a country that is a Contracting Party that requires trademark license recordation. The goal of these provisions is to reduce the damaging effects that can result from failure to record a license in those jurisdictions that require recordation. These and other improvements create a more attractive treaty for World Intellectual Property Organization Member States. Consequently, once the Treaty is in force, it is expected to increase the efficiency of national trademark offices, which in turn is expected to create efficiencies and cost savings for U.S. trademark owners registering and maintaining trademarks abroad.

Ratification of the Treaty is in the best interests of the United States. I recommend, therefore, that the Senate give early and favorable consideration to the Treaty and give its advice and consent to ratification.
